Bias Motivated Incidents Report Discussion

- **Nineteen reports were reported for the summer/fall 2014 semester, eleven reports were reported for the spring 2014 semester.**
- **The nineteen reports received were from University Park (15 reports), Altoona (three reports), Berks (one report).**
- **Two reports from University Park were related to written comments and hostile attitude/environment created by a faculty member.**
- **Five reports from University Park were related to ethnic/verbal comments and hostile attitude/environment created from faculty members.**
- **One report from University Park was related to inappropriate signature by a staff member.**
- **One report from University Park was related to harassment or a hostile environment/attitude from staff to staff member.**
- **Four reports from University Park were related to media harassment to a student by the same student perpetrator.**
- **One report from University Park was related to verbal intimidation to a student by a group of students.**
- **One report from University Park was related to physical and verbal intimidation from student to student.**

- **One report from Altoona was related to written graffiti of ethnic comments from student to student.**
- **One report from Altoona was related to written graffiti of LGBTQA comments from student to student.**
- **One report from Altoona was related to written comments from staff members to student.**
- **One report from Berks was related to a written LGBTQA comment from student to student.**
- **As always, confidentiality of identities and information was respected, unless otherwise indicated by the submitter or targeted person.**
- **Multiple categories often exist for the status of Targeted Persons, Race/Ethnicity, Targeted Issues, and Types of Offense. An effort is made to indicate one choice and which best describes an incident or individual, or how that individual may identify themselves. However, in some instances when appropriate and where overlap exists, more than one category is chosen and indicated. This accounts for the occasional slightly higher numbers within a category than the total number of reports given. In addition, two or more perpetrators may act in concert, two or more submitters may report together on the same incident, and two or more targeted persons may be affected by a bias incident.**

Finally, the intended target for a perpetrator may be more than one student, a student organization, the University community in general, or a subgroup of the community. Also, the number of targeted persons involved can be higher than the number of reports made or may not be able to be determined.
